

Please Note: Life Group Discussion Questions are currently on break; they will come back the first week of September. In the meantime, you can use these general questions for your group's time together.

Read

Read this week's Psalm before you come to group.

Discuss

- Start out by sharing both a bright spot and an obstacle from your week. Spend time praying for one another.
- Read the Psalm out loud together. What parts stick out to you? What part makes you slow down and reread it? What questions do you have after reading this Psalm?
- What part of the sermon resonated with you? What part of the sermon challenged your current understanding or perspective?
- What questions do you have? What didn't you understand or what do you want to learn more about?
- How is God encouraging you to depend on Him this week?
