

**James | Watch Out**

**4/28/2024**

**Reflect + Discuss**

- If you were given \$1,000,000 to spend in whatever way you want, what would you do with it?
- Read Matthew 6:24. What does it mean that 'you cannot serve two masters?' What does this verse show us about how Jesus sees money? What are some ways that money is like a spiritual power?
- Read 1 Timothy 6:6-10. What is Paul's perspective on money? In what ways can money block our spiritual transformation? How should we view money as Christ-followers and how does this differ from the world?
- Why do you think Jesus cared so much about our relationship with money?
- Read Luke 12:15. We know that whether a person has money or not, money can own any one of us. How can we identify if money is taking up too much of our focus? How can we live in a way that guards against the power of money? How can we become people who love God more than we love money?
- What do you feel when you think about money? Are there any big decisions you're trying to make right now? What role does money play in those decisions?

**Pray**

- Pray that God will help us to recognize and be aware of his presence. Pray that as we reflect on the money entrusted to us that our eyes will be opened to what the Holy Spirit wants to do in us. We know that godliness with contentment is great gain. Help us to be people who live on guard against the power of money.
