

10/11/2026 | What about Salvation + Eternal Security?

Reflect + Discussion

- Have you ever had a season of returning to faith after walking away from it? What was that like for you? What was it that brought you back?
- Pastor Chris described how our faith can be squishy. Does that idea resonate with you? Share about a time when faith felt squishy or changed for you. How do the examples of people from the Bible with squishy faith affect how you think about salvation?
- Read 1 Corinthians 15:1-8. Pastor Chris highlights that these verses tell us Jesus died, buried, raised, and appeared. Why is it so significant that our assurance of salvation is not based on something squishy, but something solid?
- Read John 5:24 and John 6:37-39. What do these promises reveal about the assurance of our salvation?
- Sometimes we want to know the answer to whether someone is truly saved or not. Why is it important to remember we are not the judge? Does this impact the way pray for people who don't believe or have walked away?
- Read Luke 23:39-43. How does the example of the thief on the cross give us hope for those in our lives who don't yet believe, or have walked away?
- Pastor Chris shared a couple of images and phrases he thinks of when considering salvation and eternal security (Jesus Loves Me This I Know, Jesus with a life preserver, etc.). Which of these images resonate most with you?

Pray

Spend some time praying for those you know who don't know Christ or who have walked away from their faith. You can choose to pray for them out loud by name (just first names), or silently consider them and lift them up together as a group.
