

11/15/2026 | A Community that Bears Witness

Reflect + Discussion

- Have you ever been on a road trip and seen a sign for a restaurant or attraction that made you want to stop?

- Read Acts 3:1-10. What stands out to you about this passage? Peter was simply showing up at the temple when God used him in an extraordinary way. How does this challenge the way we think about being used by God?

- Read Acts 3:11-16. What stands out to you about this passage? Does anything surprise you?
  Peter contrasts the people's decision to release a murderer and kill Jesus, the author of life, with God's decision to raise Jesus from the dead. What does this contrast reveal about the difference between the power of the world and the power of God?

- How does Peter's response to the crowd affect how you understand the miracle that was just performed?

- How is a miracle like a sign that points to Jesus? Why do you think the words signs and wonders are always paired together in the New Testament? Why do they feature so prominently in the book of Acts?

- What are some ways others have been a sign for you? Have there been any communities, stories, or people showing up for you that helped point you to Jesus?

- Ben described that we might never see a sign (*or a miracle*), but we can *be a sign* that points people towards Jesus by living as a Jesus-centered community, sharing our story, and showing up. Who is someone in your life that could really use a sign to point them toward Jesus right now? What is one way you could be a sign to them?

Pray

Praise God for the signs he has used to point you to Jesus. If your group named people, stories, or communities, thank God for them specifically. Ask that God would also help us to live as a community of Jesus-followers that would help point others toward him. Also ask God to help each of your group members to be a sign to the people in their lives–that he would help you live communally, share your stories, and show up for people to point them towards Christ.
